It would seem logical to defer submission of the litigation plan (Nov. 4) until after submission of the RR's answer (Nov. 12), at the least. We propose the litigation plan be submitted on same day as status conference (Nov. 18). If that is acceptable to the Railroads, feel free to file an unopposed motion for that extension.

Cliff and Sara,

To update my email from last evening, I understand from Gary Honeyman that a meeting with Ed Moreen. Nick Zilka and railroad technical people is now set for November 4 in Coeur d'Alene. Union Pacific is hopeful that the remaining issues can be resolved at that meeting and then that final RAD drawings can be produced and attached to the consent decree soon thereafter. In light of the date of the meeting, let's discuss deferring litigation deadlines as I suggested in my email last evening. We look forward to hearing from you. Thanks.
